

THE AMERICAN PRINTING HISTORY ASSOCIATION

No. 37

This newsletter, a publication of The American Printing History Association, is sent without charge to all members. See back page for mailing information. This special issue of APHA LETTER is devoted to a cumulative index to the newsletter from 1976 to 1978, covering issues from 9 to 26. The Index was compiled by Margaret Menninger and Marianne Stolp as a special project while they were students at Queens College Graduate Department of Library Science.

Alphabetization

Word by word alphabetization is used; personal names precede in the case of homographic entries.

Acronyms appear first, followed by word entries.

The prefix 'Mc' is alphabetized as if spelled 'Mac'.

Italicized Phrases

Italicized phrases are followed by these abbreviations:

(bk) - book (anything of monographic nature, including catalogs)
(mag) - magazine (periodical)
(n wsp) - newspapers

/The abbreviation (art) following a phrase in quotation marks indicates an article from a periodical/

Classes

In addition to individual name and subject entries, some entries are classified under:

American Printing History Association (all material dealing with organizational activities)

Courses: indexed by subject and sponsor.

Exhibits: indexed by subject and sponsor.

Lectures: indexed by subject and sponsor.

Also

In the case of joint authors, the title of the book appears under both names. Private presses are indexed under individual names.
